

London Swimming

21st January 2008

Beacon Programme Position statement – 21/01/08

The deadline for applications for the Beacon Programme has now passed and two bids have been received.

Following its December 2007 meeting the London Swimming board appointed a sub-group with no conflicts of interest to assess the bids with technical guidance from the ASA.

The sub-group reserves the right to ask the applicants to support their bid with a presentation. The applicants will be notified if this is required by the 25th January with the presentations taking place on the 4th February.

The London Swimming Board will meet on the 11th February with an announcement made as soon as possible.

The successful applicant will then need to sign up to a service level agreement in order to access the funding. New positions will require open recruitment practises.

Yours sincerely

Colin Brown
Director
London Swimming
